2019 Ogura Lectureship & Resident Research Day

MORNING SESSION
Location: Seminar Room B, 2nd Floor, Eric P. Newman Education Center (EPNEC)

7:30am CONTINENTAL BREAKFAST

8:00 WELCOME AND INTRODUCTION
Craig A. Buchman, MD, FACS
Lindburg Professor and Chairman of Otolaryngology

8:0 REMARKS CONCERNING RESIDENT RESEARCH
Jay F. Piccirillo, MD, FACS
Professor and Vice Chairman of Research

8:15 Transplantation in Otolaryngology: The Past, The Present, The Future
2019 OGURA LECTURER - Eric M. Genden, MD, MHA, FACS
Isadore Friesner Professor and Chairman, Dept of Otolaryngology-HNS
The Icahn School of Medicine at Mount Sinai

General ENT Research
9:15 Pawina Jiramongkolchai, MD, MSCI
Mentor: Jay F. Piccirillo, MD
Impact of Budesonide Nasal Irrigation and Olfactory Training on Post-Viral Olfactory Dysfunction

Head & Neck Cancer Research
9:28 Paul Zolkind, MD
Mentor: Jose P. Zevallos, MD, MPH
Impact of Tobacco Use on the Immunogenomic Profile of HPV-related Oropharynx Cancer

9:41 Eric Bauer, MD
Mentor: Jose P. Zevallos, MD, MPH
Extranodal Extension is a Strong Prognosticator in HPV-Positive Oropharyngeal Squamous Cell Carcinoma

9:54 Ricardo Ramirez, MD
Mentor: Jose P. Zevallos, MD, MPH, and Patrik Pipkorn, MD
Disparities in Postoperative Complications and 90-day Readmissions Following Head and Neck Surgery
10:07  Jennifer Gross, MD  
Mentor: Patrik Pipkorn, MD  
Elective Neck Dissection During Salvage Laryngectomy:  
A Systematic Review and Meta-Analysis

10:20  Aisling Last, MD – Class of 2019, WashU School of Medicine  
Mentor: Ryan S. Jackson, MD  
The Risk and Rate of Occult Contralateral Nodal Disease in Surgically Treated  
HPV-Related Base of Tongue Squamous Cell Carcinoma

10:30  COFFEE BREAK

Facial Plastics Research

10:45  Peter M. Vila, MD, MSPH  
Mentor: John Chi, MD, MPHS  
Powering the Gracilis for Facial Reanimation: Systematic Review and  
Meta-analysis of Outcomes Based on Donor Nerve

10:58  Collin Chen, MD  
Mentors: Emily A. Spataro, MD, and Gregory H. Branham, MD, FACS  
Postoperative Complications of Paramedian Forehead Flap Reconstruction:  
A Database Study

11:11  Elizabeth Wick, MD  
Mentors: John Chi, MD, MPHS, and Gregory H. Branham, MD, FACS  
The Effectiveness of Prophylactic Antibiotics in Mandible Fracture Repair

General ENT Research

11:24  Neel Bhatt, MD  
Mentor: Joseph A. Bradley, MD, FACS  
Comparison of Surgical Treatments for Zenker’s Diverticulum:  
A Systematic Review and Network Meta-Analysis

11:37  Jake Lee, MD  
Mentor: John S. Schneider, MD, FACS  
Morphologic, Intraoperative, and Histologic Risk Factors for Sinonasal Inverted  
Papilloma Recurrence

11:50  Sampat Sindhar, MD – Class of 2019, WashU School of Medicine  
Mentor: Judith E.C. Lieu, MD, MSPH  
Fatigue in Children with Unilateral Hearing Loss

12:00pm  LUNCH  
Location: Great Room A&B, 1st Floor, Eric P. Newman Education Center (EPNEC)
AFTERNOON SESSION
Location: Seminar Room B, 2nd Floor, Eric P. Newman Education Center (EPNEC)

1:15pm  Can an Academic Department Survive in a Health System World?
2019 OGURA LECTURER – Eric M. Genden, MD, MHA, FACS
Isadore Friesner Professor and Chairman, Dept of Otolaryngology-HNS
The Icahn School of Medicine at Mount Sinai

Otology Research

2:15  Carla V. Valenzuela, MD, MSCI
Mentors: Jeffery T. Lichtenhan, PhD, & Craig A. Buchman, MD, FACS
The Auditory Nerve Overlapped Waveform (ANOW) Can Detect Developing
Endolymphatic Hydrops

2:30  Daniel Lander, MSCI - MD Candidate, Class of 2020, WashU School of Medicine
Mentors: Craig A. Buchman, MD, FACS, and Jay F. Piccirillo, MD, FACS
Infectious Complications Following Cochlear Implantation

2:40  Cory Hillis, BS - AuD Candidate, Class of 2020, WashU School of Medicine
Mentors: Lisa S. Davidson, PhD, and Rosalie M. Uchanski, PhD
Analysis of the Common Sounds Audiogram: Recommendations for Revision

2:50  Latoya Jeanpierre, MSCI – MD Candidate, Class of 2020, Wayne State University
School of Medicine
Mentor: Jonathan E. Peelle, PhD
Quantifying the Lateralization of Speech Processing Using Meta-Analysis

3:00  Shelby Payne, BA - Research Technician III
Mentors: Keiko Hirose, MD, and Mark A. Rutherford, PhD
Congenital CMV in Newborn Mice: Effects on Sensory Cells

3:15  CLOSING COMMENTS

3:30pm  ADJOURN
