Directions to the Barnes-Jewish Parking Garage

Traveling North on Kingshighway:

From Highway 40/Interstate 64, take Exit 36B. Go 1 stoplight and turn right on to Barnes-Jewish Hospital Plaza. The underground parking garage is on the right, about one-half block down.

From Interstate 44, take Exit 287 and drive 1 mile down Kingshighway to Barnes-Jewish Hospital Plaza (1st stoplight after Hwy 40 overpass) The underground parking garage is on the right, about one-half block down.

Traveling South on Kingshighway:

Turn left at Barnes-Jewish Hospital Plaza. The underground parking garage is on the right, about one-half block down.

Directions from the Parking Garage to the Audiology Booth on the 8th floor

Park in the South Garage, take the covered walk way into BJ Hospital. Go straight past the fountain, through the lobby and turn right at the hall intersection.

Head east along that hall past the Chapel, Vision Center, and Maternity area. Go until you are almost out the double glass doors that open onto Euclid. Don't go outside, but turn right and look to your right and you will see a set of double elevators. Take them to the 8th floor. When you get off the elevator, turn right and walk down the hall until it turns to the right. Go through the door next to the single elevator. After the door, you will see the Cochlear Implant waiting room directly on your right. Have a seat, and we will meet you there.

Phone Numbers

Sarah Unfried – the cochlear implant office manager who is located on the 10th floor of McMillan and knows about your appointment – 314-362-7245

The Firszt Lab – where research assistants working with Dr. Firszt are located – 314-747-0882
